Striving for Excellence

What is a School-Based Mental Health provider?

Using a strength and relationship based approach, our experienced staff fosters resiliency, social/emotional development, skill building, positive school climate, and hope, through a range of supports including prevention, early intervention, crisis response, and treatment, conveniently located in your child's school.

How do I get started?

- Call 330.455.0374 now
- Ask for any of the providers listed for your school!
